

INI-TO LODGE #324 BEAD PROGRAM

The bead program is intended to recognize members of the Ini-To Lodge for participation in Order of the Arrow activities from Lodge Activities to Section and National participation as well. Wearing of the bead necklace allows arrowmen to proudly display recognition of their participation as well as serve as a means to encourage others to participate.

All Arrowmen are eligible to participate, and should receive two (2) beads of the appropriate color whenever they meet the requirements for that bead as listed below. Beads should be worn on a necklace to be worn with their scout uniform, especially at OA functions. A Chapter or personal totem may also be worn of the necklace.

Chapter Beads are kept by the chapter, and should be awarded by chapter officers. Wooden Chapter Beads are earned by attending a majority of chapter meetings for one year (as determined by the Chapter Chief and depending on the number of meetings the chapter holds during the year). The orange beads for that year are "traded in" for the wooden beads. Example: attend 9 of 10 meetings.

Lodge beads are kept in the Lodge box and are awarded by a lodge officers.

Beads are typically awarded at the time that they are earned.
